

Assessment Information for Reception

Play-based Assessment

Our assessment days for the Preparatory Department Reception class are designed to make the children feel at ease and for them to enjoy their visit to Manchester High School for Girls.

Your daughter will be invited to the Preparatory Department to join other prospective pupils in a classroom environment. Here, she will complete a variety of tasks and play-based activities. This will enable the teacher to assess both her ability and potential.

Teacher Assessment

The assessment will be based around your daughter's understanding of the world, and her skills in Language, Communication, Literacy and Mathematics, and will also involve a one-to-one interaction with the teacher.

We will notify you of the results within a week or so of the assessment.
